Dear, Parents, Students

It gives me immense pleasure to present this edition of our school magazine, a reflection of the vibrant spirit and creativity that define Genesis School. This magazine is not just a collection of activities, but a journey through the learning, achievements, and joyful moments shared by our students and teachers.

At Genesis School, we believe that education goes beyond textbooks. It is about nurturing young minds, encouraging creativity, and building confidence. The various activities showcased in this magazine—from Pre-Primary learning experiences to CCA competitions, Tech Army initiatives, Eco Squad efforts, and creative platforms like Culinary Clay Creators—highlight our commitment to holistic development.

I am particularly proud of the enthusiasm and participation shown by our students in academics, sports, arts, and co-curricular activities. Events such as Student Council Elections, Spelling Bee Awards, and class activities reflect leadership, talent, and a healthy competitive spirit among our learners.

I would like to appreciate the dedication of our teachers, whose constant guidance and support make all these achievements possible. Their efforts in shaping young minds and creating a positive learning environment are truly commendable.

To our dear students, I encourage you to continue exploring, learning, and expressing yourselves with confidence. Remember, every small step you take today builds the foundation for a brighter tomorrow.

I also extend my heartfelt gratitude to the parents for their continuous support and trust in the school.

I congratulate the editorial team for their hard work in bringing out this wonderful magazine. May this publication continue to inspire, inform, and celebrate the spirit of Genesis School.

Warm regards,

Principal

PRE PRIMARY

Pre-primary activities at Genesis School are thoughtfully designed to create a joyful, safe, and stimulating environment where young learners can grow, explore, and develop essential life skills. The early years of education play a crucial role in shaping a child's personality, and the school ensures that every activity is meaningful, engaging, and age-appropriate. The focus is on holistic development, nurturing not only academic readiness but also emotional, social, and physical well-being.

Each day begins with a cheerful circle time where children greet their teachers and classmates, sing rhymes, and share their thoughts. This simple yet important routine helps children build confidence, improve their communication skills, and develop a sense of belonging. It also sets a positive tone for the rest of the day, making children feel happy and comfortable in their classroom environment.

PRE PRIMARY

The school also organizes special activities such as colour days, theme-based learning, and fun events like treasure hunts. These activities make learning more interactive and enjoyable, helping children connect with concepts in a practical and memorable way.

Art and craft activities are an integral part of the curriculum. Children engage in colouring, drawing, paper folding, and simple craftwork using different materials. These activities not only enhance creativity but also help in developing fine motor skills, hand-eye coordination, and concentration. The joy of creating something on their own gives children a great sense of achievement.

Play-based learning is at the heart of pre-primary education at Genesis School. Children learn best through play, and various activities such as puzzles, building blocks, and role-playing games are used to introduce basic concepts in language, numbers, and the environment. These activities encourage curiosity, creativity, and problem-solving skills, making learning both fun and effective.

Basic life skills are gently introduced through daily routines and guided activities. Children learn the importance of sharing, caring, cleanliness, and following simple instructions. These habits play a vital role in shaping their behavior and social interactions.

PRE PRIMARY

Teachers at Genesis School give individual attention to every child, understanding their unique needs and abilities. A nurturing and supportive environment is maintained so that children feel safe, valued, and encouraged to express themselves without hesitation.

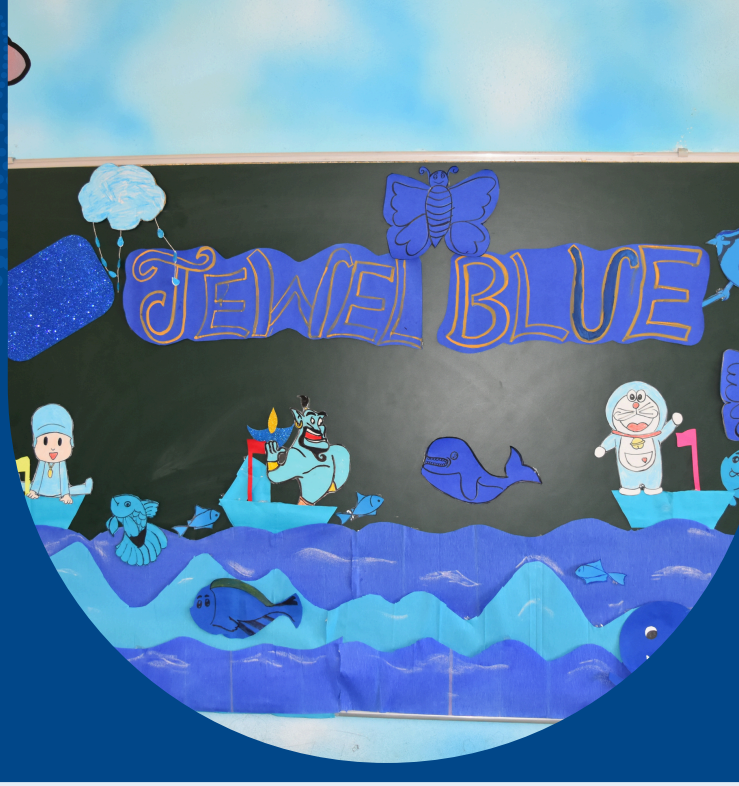

Overall, pre-primary activities at Genesis School provide a strong and joyful foundation for lifelong learning. By combining fun with education, the school ensures that children develop confidence, creativity, and a love for learning right from their early years.

THE BLUE DAY

About Us

Borcelle is a leading medical healthcare company dedicated to providing high-quality healthcare solutions to individuals, healthcare professionals, and organizations. With a strong commitment to excellence, innovation, and patient-centric care, we have established ourselves as a trusted partner in the healthcare industry.

KARATE

BORCELLE

Karate at Genesis School, Alwal stands as a symbol of strength, discipline, and self-confidence. It is an essential part of the school's co-curricular program, aimed at empowering students both physically and mentally. More than just a form of self-defense, karate is a way of life that teaches valuable lessons in focus, respect, and perseverance.

At Genesis School, students are introduced to karate from an early age under the guidance of trained and experienced instructors. The training sessions are structured to suit different age groups, ensuring that every student learns at their own pace. Basic techniques such as stances, punches, kicks, and blocks are taught with great care, gradually building a strong foundation.

Karate training helps students develop physical fitness, flexibility, and stamina. Regular practice strengthens the body, improves balance, and enhances coordination. At the same time, it sharpens the mind by encouraging concentration, patience, and self-control. Students learn to stay calm and focused, even in challenging situations.

One of the most important values instilled through karate is discipline. Students are taught to respect their instructors, follow rules, and maintain a positive attitude. The practice of bowing, listening attentively, and working hard helps in shaping their character and building a sense of responsibility.

The belt system in karate motivates students to set goals and achieve them through dedication and effort. Each new belt earned is a mark of progress and achievement, boosting confidence and encouraging students to strive for excellence. Demonstrations and school events provide opportunities for students to showcase their skills, making them feel proud of their accomplishments.

DANCE
FOR EVERYONE

Dance is a dynamic and expressive art form that holds a special place in the vibrant culture of Genesis School, Alwal. It is not just a co-curricular activity but a powerful medium through which students express emotions, creativity, and cultural identity. The school encourages every child to explore the joy of movement and rhythm, making dance an integral part of holistic development.

At Genesis School, dance education begins at an early age. Young learners are introduced to simple movements, actions, and rhythmic patterns that help them develop coordination, balance, and confidence. As students grow, they are trained in various dance forms ranging from classical styles to modern and contemporary dances. This exposure allows them to appreciate the richness of Indian culture while also embracing global dance trends.

The school provides a supportive and energetic environment where students can freely express themselves. Under the guidance of skilled and passionate dance instructors, students learn not only techniques and steps but also the importance of expression, posture, and storytelling through dance. Regular practice sessions help them improve their skills, discipline, and stage presence.

Dance plays a significant role in all major school events and celebrations. From Annual Day to cultural festivals and special assemblies, students enthusiastically participate in group dances, solo performances, and thematic presentations. These performances are often colorful, creative, and filled with energy, leaving a lasting impression on the audience. Such platforms boost students' confidence and encourage teamwork and collaboration.

BUILD COMMUNITY

DEVELOP RHYTHM

RYTHM ROCKERS RACERS

Unleash your musical talent with our Music !

MUSIC

Music plays a vibrant and meaningful role in the life of students at Genesis School, Alwal. It is not just an activity, but a powerful medium that nurtures creativity, emotional expression, and cultural appreciation among young learners. The school strongly believes that music is an essential part of holistic education, helping students grow not only academically but also artistically and personally.

At Genesis School, music education begins at an early stage, allowing children to explore rhythm, melody, and sound in a joyful and engaging way. From simple rhymes and action songs in the primary classes to more structured vocal and instrumental training in higher grades, every student is encouraged to discover their musical potential. The music sessions are lively, interactive, and filled with enthusiasm, creating a positive learning environment.

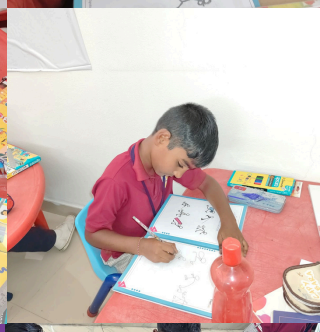

The school provides opportunities for students to learn both classical and contemporary music forms. They are introduced to various musical instruments such as keyboards, drums, and percussion instruments, which help in developing coordination, concentration, and discipline. Regular practice sessions and guidance from skilled music teachers ensure that students steadily improve their skills and confidence.

ART & CRAFT

CULINARY CLAY CREATORS

The Culinary Clay Creators activity at Genesis School was a fun and imaginative experience for students, blending creativity with hands-on learning. Children used colorful clay to design and shape a variety of food items such as fruits, vegetables, sweets, and traditional dishes. This activity helped enhance their fine motor skills, creativity, and understanding of different foods.

Students actively participated with great enthusiasm, showcasing their artistic talents and teamwork. The classroom was filled with excitement as young learners proudly displayed their clay creations. Overall, the activity provided a joyful learning experience while encouraging imagination and self-expression among students.

ECO SQUAD

CREATE A GREENER ENVIRONMENT

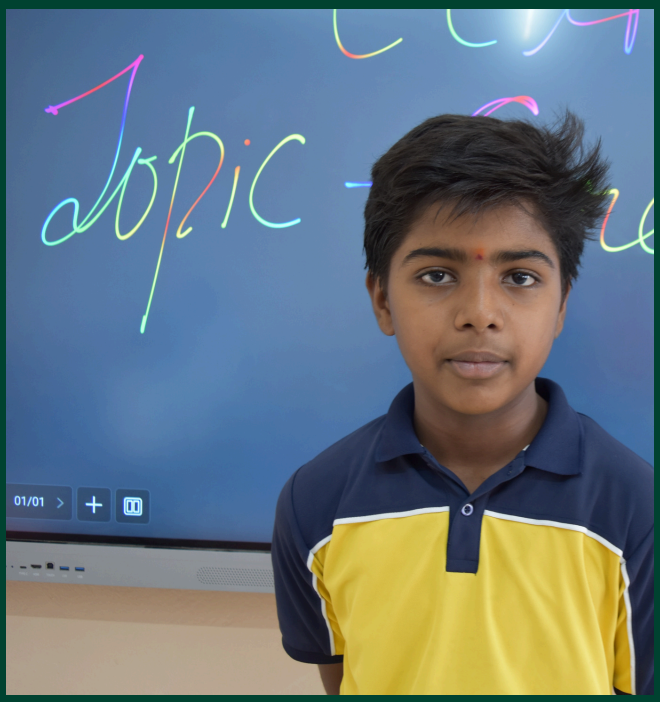

The Eco Squad Activity at Genesis School was an inspiring initiative that encouraged students to care for the environment and develop a sense of responsibility towards nature. Students actively participated in activities such as planting saplings, maintaining cleanliness, and spreading awareness about saving water and reducing plastic use.

Through this activity, children learned the importance of protecting the environment in a fun and practical way. They worked together as a team, showing enthusiasm and commitment to making their surroundings greener and cleaner. The Eco Squad activity not only built environmental awareness but also instilled values of responsibility and teamwork among the students.

SPEECH SQUAD

A speech is a formal address given by an individual to a live audience, often for the purpose of conveying a message or persuading listeners to take action. Speeches can be given in a variety of settings, including ceremonial, political, educational, business or public events and they can range in length and style.

The Speech Squad Activity at Genesis School was an enriching and confidence-building experience for students. This activity provided a platform for learners to express their thoughts, ideas, and opinions through speeches on various interesting topics.

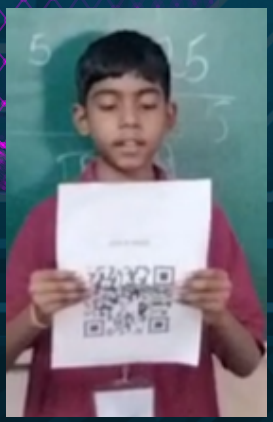

Students participated with great enthusiasm, showcasing their communication skills, clarity of thought, and stage confidence. The activity helped them overcome stage fear, improve their public speaking abilities, and develop strong self-expression. Overall, the Speech Squad activity was a valuable learning experience that inspired students to become confident and effective communicators.

TECH ARMY

DIGITAL TECHNOLOGY

Connecting Innovation, Data, and People in One Digital Ecosystem

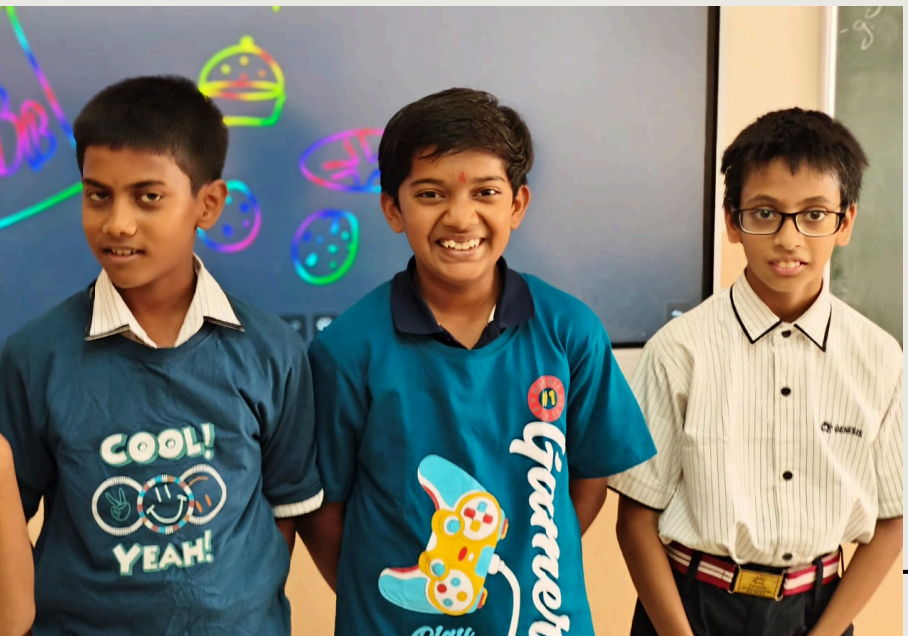

The Tech Army QR Code Activity at Genesis School was an innovative and engaging learning experience that introduced students to modern technology in a fun way. During the activity, students explored QR codes by scanning them to access information, solve tasks, and participate in interactive challenges.

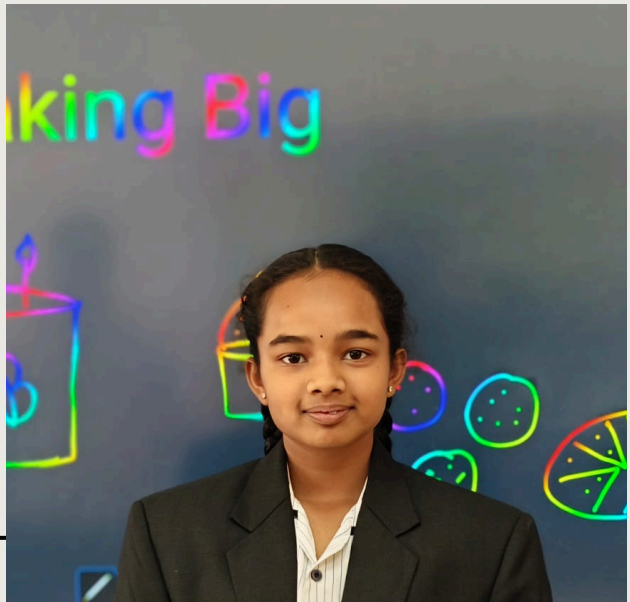

This activity helped students improve their digital skills, problem-solving abilities, and curiosity for technology. They worked with great enthusiasm, learning how technology can be used in everyday life for quick and easy access to information. Overall, the Tech Army QR Code activity was both educational and exciting, encouraging students to become confident and responsible digital learners.

CLASS-ACTVITITIES GRADE -8

The Baking Big Shoot Activity conducted by Grade 8 students at Genesis School was a delightful and creative experience that combined culinary skills with presentation and teamwork. Students prepared a variety of baked items and organized a mini showcase, presenting their creations with confidence and enthusiasm. Through this activity, students learned basic baking techniques, time management, and the importance of hygiene in food preparation. It also enhanced their creativity, communication skills, and teamwork as they worked together to plan and execute the event. Overall, the activity was both enjoyable and educational, giving students a hands-on learning experience beyond the classroom.

STUDENT CORNER

“Small ideas, strong voices, and simple actions can change the world.”

I am D. Dhriti from Grade 6, Genesis School. Today, I would like to share my experience about our activities.

Art and craft turn our imagination into beautiful creations—they help us think differently and create something from nothing. Speech Squad gives a voice to our thoughts—it builds our confidence to speak in English clearly and fearlessly.

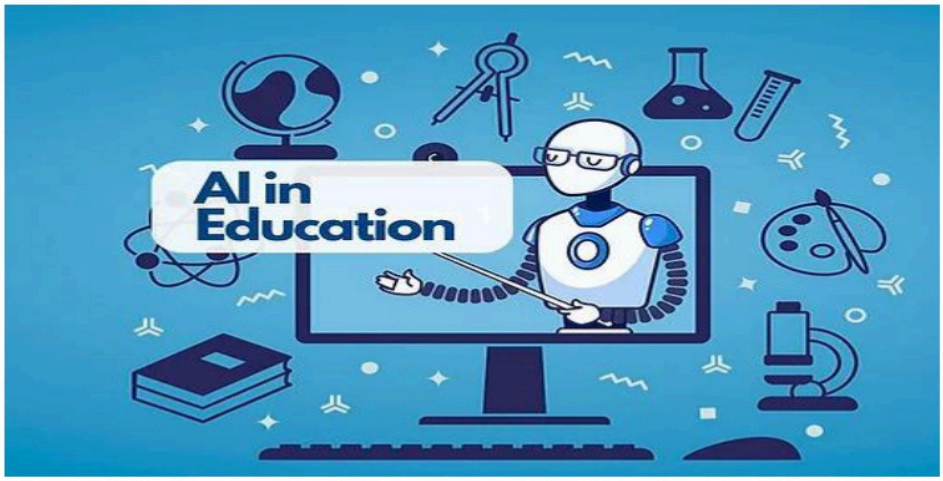

Our Environmental Activities taught us that learning is not just in books, but in actions. We learned to save water, reduce plastic, and keep our surroundings clean. Planting saplings made me feel connected to nature.

I understood that even small actions can create a big impact. These activities are shaping us into confident, creative, and responsible individuals.

I thank my school and teachers for guiding us. I am proud to be a part of this, and I promise to care for our planet —because today’s small steps are tomorrow’s big change.

D. Dhriti
Grade 6

CT AND AI CAN REVOLUTIONISE EDUCATION

AI can revolutionize education by shifting from a rigid, "one-size-fits-all" model to a **personalized learning** experience that adapts to each student's unique pace and style. By leveraging **adaptive algorithms**, AI provides real-time feedback and tailored resources, ensuring that no student is left behind while also automating **administrative tasks** to free up teachers for deeper mentorship. Furthermore, AI-driven tools break down **accessibility barriers** through instant translation and support for diverse learning needs, ultimately creating a more inclusive and efficient global classroom.

My Journey at Genesis: Where Innovation Meets Ambition

By Revanth Nath

Walking through the gates of Genesis School, you immediately feel that this isn't just a place for textbooks; it’s a launchpad for the future. As a student here, my experience has been defined by three core things: cutting-edge technology, unbeatable sports culture, and a community that feels like family

1. Learning in the Age of AI

At Genesis, we don't just hear about the future; we live it. using AI tools to solve complex STEM problems or understanding the ethics behind technology, the classrooms here feel like high-tech hubs. It’s not about replacing teachers, but about using "smart screen time" to push our limits.

2. Beyond the Classroom: The "Genesis Spirit"
If you know Genesis, you know about the sports and extracurriculars.

- **The Facilities: From the massive Olympic-sized swimming pools to the professional-grade cricket nets and basketball courts, the campus is a dream for any athlete.**
- **The Competitions: One of my favorite parts is the "Weekly Competitions" and Annual Awards Day. Winning a medal here isn't just about the prize; it's about the confidence you gain standing in front of your peers.**

TEACHER CORNER

CLASSROOM MANGAGEMENT

Classroom management is a vital component of successful teaching and learning. It refers to the techniques and strategies mentors use to maintain a productive, disciplined, and positive classroom environment. Effective classroom management not only controls disruptive behaviour, but also promotes learner engagement, responsibility, and mutual respect. Strong classroom management does not simply mean controlling behaviour-it involves creating a positive atmosphere where students feel safe, motivated, and engaged.

One of the key elements of classroom management is setting clear rules and expectations. Mentors should establish guidelines for behaviour, participation, and academic work. The learner-mentor relationship is another very important element in classroom management. Mentors should listen to learners and encourage open communication which creates a positive atmosphere. Lessons should be interactive, interesting and relevant to capture learners' attention. When learners are engaged, they are less likely to become distracted or disruptive. Consistency and fairness are equally important. Mentors must apply rules and consequences equally to all learners. Favouritism or inconsistency can lead to confusion and resentment. Mentors can arrange seating plans carefully. Last but not least, is time management. Proper planning of lessons, smooth transitions between activities, and efficient use of classroom time helps maintain order.

In conclusion, classroom management is not just about maintaining discipline; it is about creating a supportive and engaging learning space. By setting clear expectations, building positive relationships, using effective teaching strategies, and maintaining fairness, mentors can ensure that their classrooms are both orderly and conductive learning.

Pot Luck

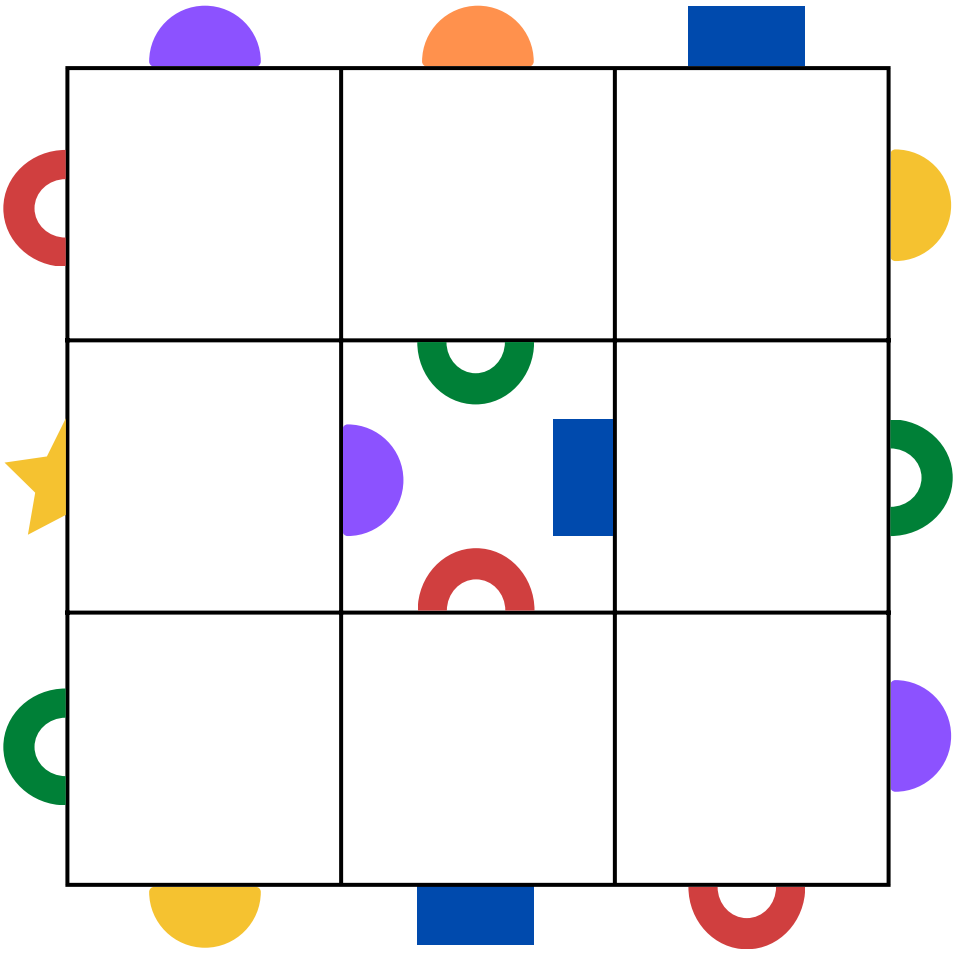

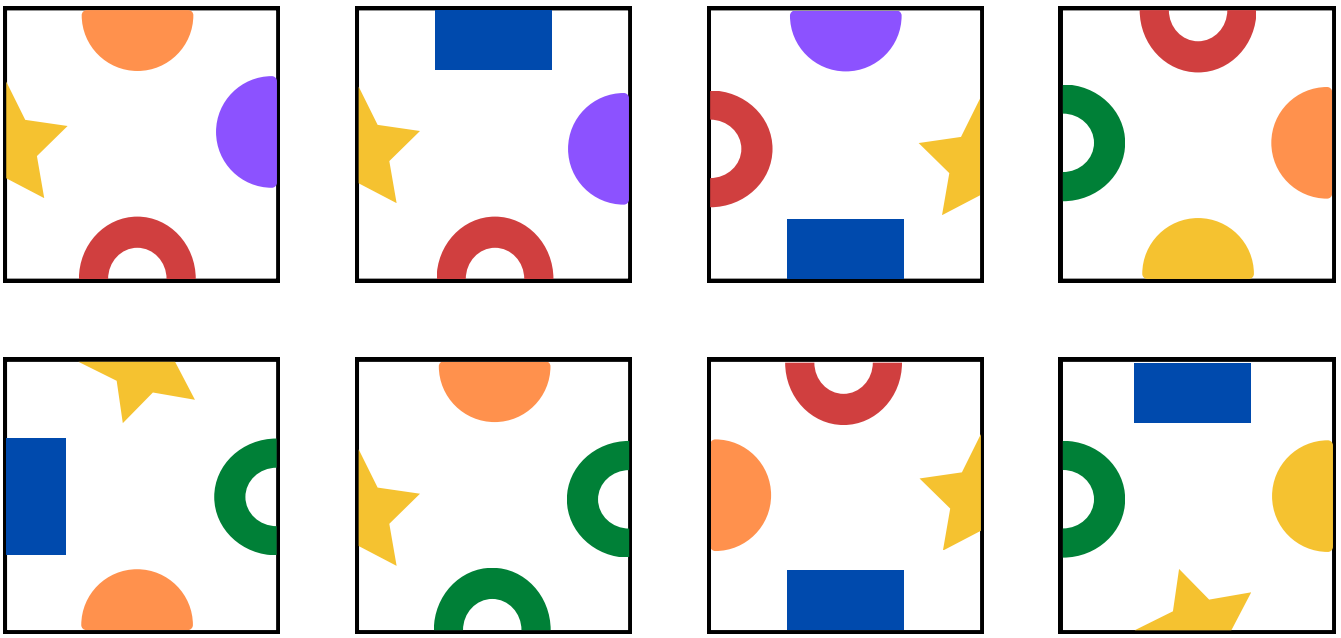

The Potluck for Teachers at Genesis School was a warm and enjoyable gathering that brought staff members together in a spirit of sharing and camaraderie. Teachers prepared and brought a variety of delicious homemade dishes, showcasing their culinary talents and diverse tastes.

The event provided a refreshing break from routine, allowing teachers to bond, relax, and appreciate each other's efforts. Laughter, conversations, and the joy of sharing food created a positive and friendly atmosphere. Overall, the potluck was a memorable experience that strengthened teamwork and unity among the teaching staff.
