MEMORIES OF SCHOOL

Every group photo brings everyone together with smiles, laughter, and happiness. Whether it is a class photo, event photo, or special occasion, each picture tells a story of unity and friendship.

School group photos are a beautiful way to capture unforgettable moments with our friends and teachers. At Genesis School, these photos are not just pictures—they are memories that we cherish forever.

THE EXAMS

Success in exams is the result of hard work, dedication, and belief in yourself.

Examinations are an important part of academic life at Genesis School. They not only test students' knowledge but also help in building discipline, time management, and confidence. Throughout the year, students prepare sincerely for their exams with the guidance of dedicated teachers.

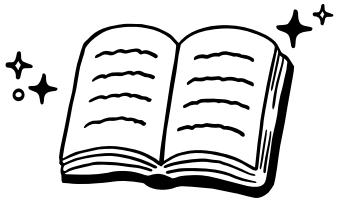

During exam time, the school environment becomes calm and focused. Special revision classes are conducted to help students clarify their doubts and strengthen their understanding of subjects. Teachers encourage students to stay positive and give their best effort rather than fear the results.

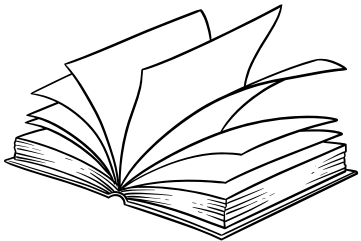

Genesis School believes that exams are not just about marks, but about learning and self-improvement. Students are motivated to view examinations as opportunities to showcase their hard work and progress. With proper preparation and a healthy mindset, exams become a stepping stone toward success.

Overall, examinations at Genesis School are conducted in a fair and organized manner, ensuring that every student gets a chance to perform to the best of their ability.

PARENT TEACHER MEETING

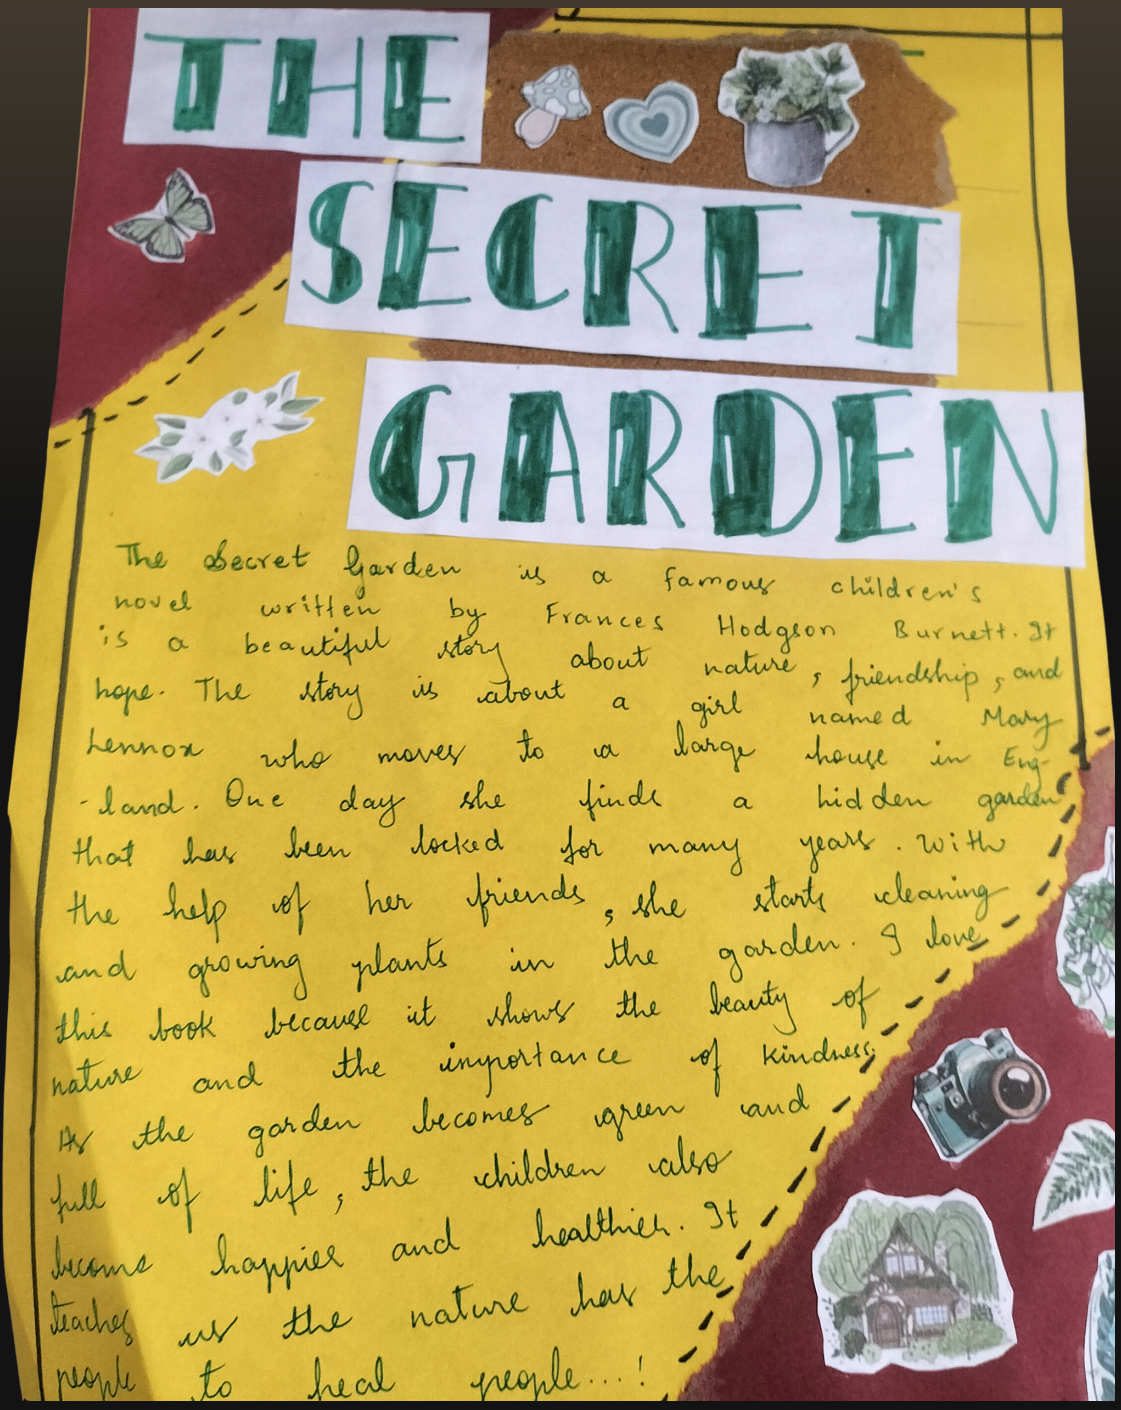

The Parent-Teacher Meeting at Genesis School, Alwal was conducted with great enthusiasm and active participation from both parents and teachers. The meeting provided a valuable platform to discuss students' academic progress, behavior, and overall development. Teachers shared constructive feedback and suggested ways parents could support learning at home. Parents, in turn, expressed their views and appreciated the efforts of the school. The session strengthened the bond between parents and teachers, ensuring a collaborative approach toward the holistic growth of every student.

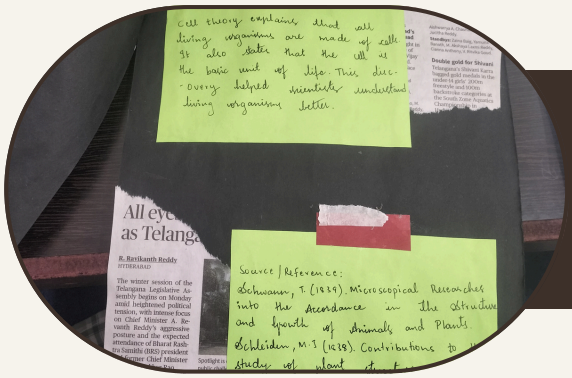

The SECRET GARDEN

ORIGIN OF CELL THEORY

Schwann, T. (1839). Microscopical Researches into the Accordance in the Structure and Growth of Animals and Plants.

Cell theory work of Matthias Schleiden (1838) and Theodor Schwann (1839).

From Schleiden's work on plants:

"All plants are composed of cells and cell products. The cell is the fundamental unit of plant structure."

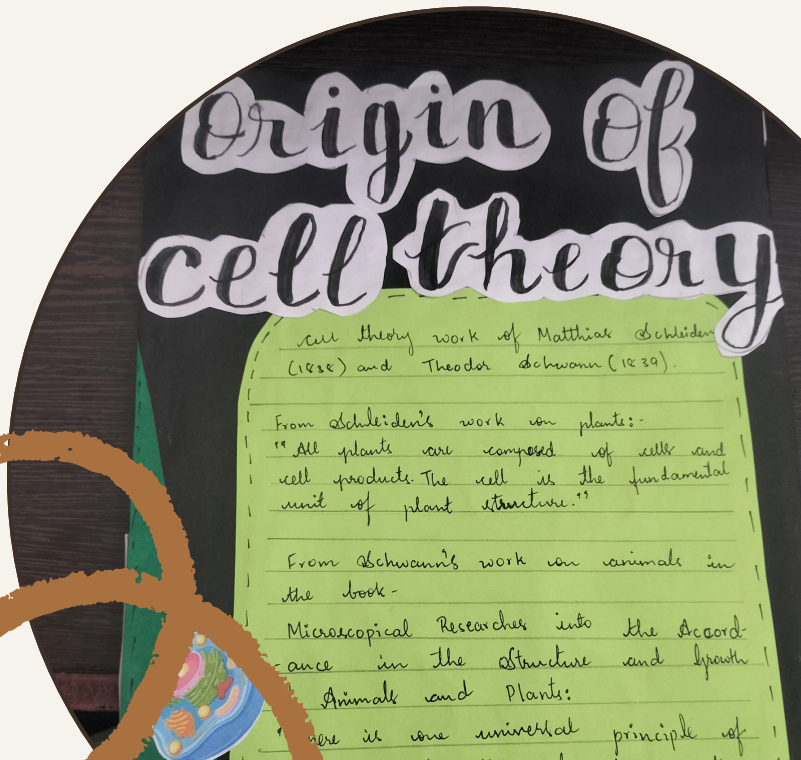

From Schwann's work on animals in the book:

Microscopical Researches into the Accordance in the Structure and Growth of Animals and Plants:

"There is one universal principle of development for the elementary parts of organisms, and this principle is the formation of cells."

These discoveries led to the cell theory, which states cells are the basic units of life.

Cell theory explains that all living organisms are made of cells. It also states that the cell is the basic unit of life. This discovery helped scientists understand living organisms better.

SAACHI GRADE 9

INTERNATIONAL WOMENS DAY

Empowered women empower the world—today we celebrate their strength, courage, and limitless potential.

International Women's Day is celebrated on March 8 to honor the achievements, strength, and contributions of women across the world. It is a day to recognize their role in shaping families, communities, and society. The occasion also reminds us of the importance of equality, respect, and opportunities for women in all fields. Let us celebrate and support women, inspiring a future where everyone is valued and empowered.

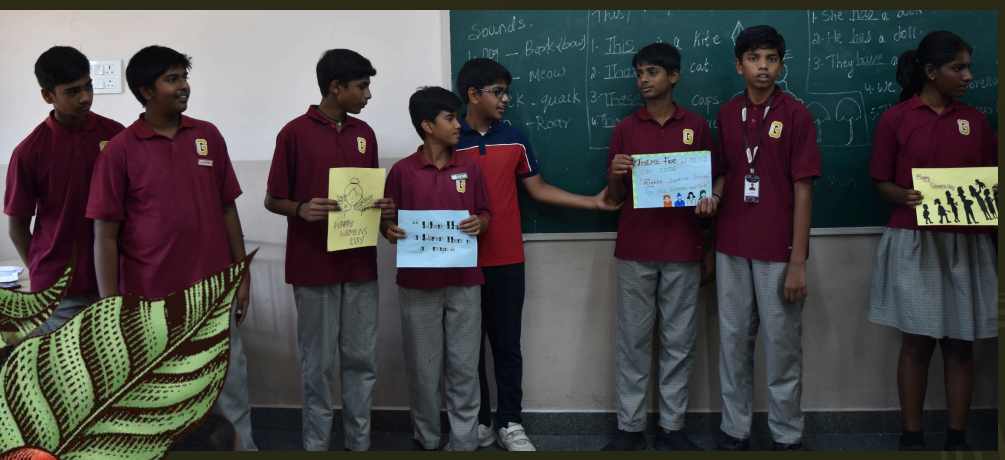

By celebrating women, we celebrate strength, compassion, and progress. Let us continue to support, uplift, and empower women, not just on this day, but every day, building a future rooted in equality and mutual respect.

INTERNATIONAL WOMENS DAY

ART AND CRAFT

UNLIMITED SPARK

Splashing into the world of beauty and creativity through art!

Art and craft activities at Genesis School are always exciting and full of creativity. They give us a chance to express our ideas, imagination, and talents in unique ways.
During art and craft sessions, we use different materials like paper, colors, clay, and recycled items to create beautiful models and designs. These activities are not only fun but also help us improve our creativity, patience, and focus.
Our teachers guide us step by step and encourage us to think differently and try new ideas. They help us turn simple materials into amazing artwork, making learning more interesting and enjoyable.

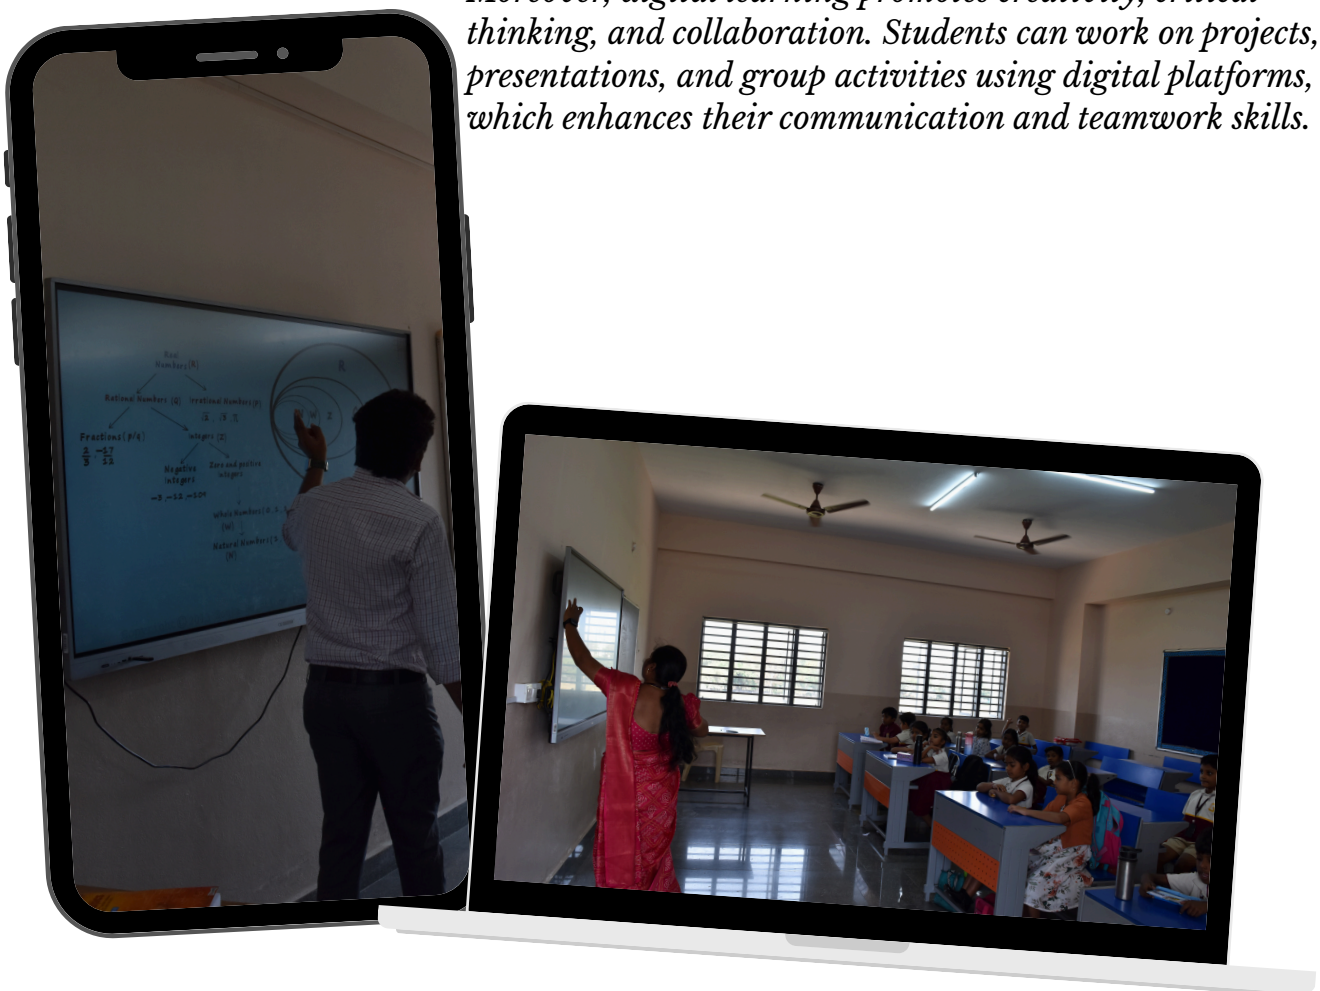

Working on craft projects together also helps us develop teamwork and sharing skills. We learn to appreciate each other's work and gain confidence in our own creations. Overall, art and craft at Genesis School is a wonderful experience that makes learning joyful and colorful. It inspires us to be creative and think outside the box.

DIGITAL CLASSES

A Digital Class is a modern approach to education that uses technology to make learning more effective, interactive, and engaging. In a digital classroom, traditional teaching methods are enhanced with smart boards, projectors, educational software, and internet resources. This helps students understand concepts more clearly through visuals, videos, animations, and real-time examples.
Digital classes encourage active participation and make lessons more interesting compared to conventional methods. Students can access a wide range of information, practice through online exercises, and even learn at their own pace. Teachers can also use digital tools to explain complex topics easily, assess student performance quickly, and provide instant feedback.

TATA EDGE

Another important advantage of digital classrooms is that they prepare students for the future. In today's world, technology plays a vital role in almost every field, and being familiar with digital tools gives students a strong foundation for higher education and careers.
Moreover, digital learning promotes creativity, critical thinking, and collaboration. Students can work on projects, presentations, and group activities using digital platforms, which enhances their communication and teamwork skills.

SPORT

KARATE

Genesis School, Alwal places great emphasis on martial arts, and Karate is a key activity that helps students build strength, discipline, and confidence. Under the guidance of trained instructors, students learn various techniques including punches, kicks, and self-defense moves in a safe and structured environment.

Basketball

Basketball is one of the most exciting and popular sports at Genesis School, Alwal. The school encourages students to actively participate in sports to maintain physical fitness and develop team spirit. The basketball court is always lively with students practicing their skills, learning techniques, and enjoying the game.

LIBRARY

Discover. Read. Inspire.

CELEBRATING THE POWER OF BOOKS

Books change lives—and the Book Fair Festival is proof of that. This event brings together authors, publishers, and readers in an atmosphere filled with inspiration and imagination.

A Library is a place of knowledge, learning, and imagination. It is often called the "treasure house of books" because it contains a wide collection of books, magazines, newspapers, and digital resources on various subjects. A library provides a शांत and peaceful environment where students can read, study, and explore new ideas.

Libraries play an important role in education by helping students develop reading habits and improve their knowledge. They offer access to information beyond textbooks, encouraging curiosity and independent learning. In addition, libraries help in building concentration, discipline, and a love for literature.

EDUCATIONAL TOUR FOR STUDENTS

An educational tour is an important part of learning that goes beyond the classroom. It provides students with an opportunity to gain practical knowledge and real-life experiences. Such tours are carefully planned to help students explore new places, understand different cultures, and learn about various subjects in an interesting way.t

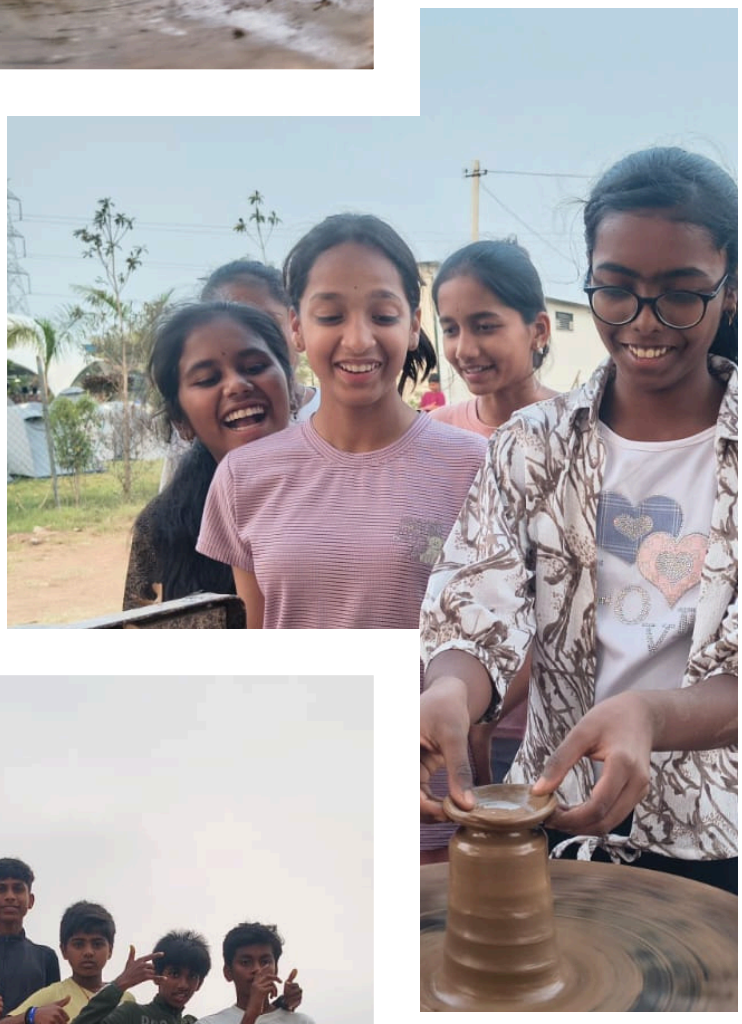

POT MACKING

WITH BEST VIEW

During the educational tour, students of Genesis School, Alwal participated in an engaging pot making activity that provided them with a unique hands-on learning experience. The activity introduced students to the traditional art of pottery and helped them understand the skill and creativity involved in shaping clay into useful items.

Under the guidance of skilled artisans, students learned how to mold clay on the potter's wheel and create simple pots and shapes. They experienced the process of kneading, shaping, and designing clay, which enhanced their creativity and fine motor skills.

The activity also gave students an appreciation for traditional crafts and the hard work of artisans. It encouraged patience, focus, and artistic expression while making learning fun and interactive.

Overall, the pot making session was an enjoyable and educational experience. It not only developed students' creativity but also connected them with cultural heritage, making the tour memorable and meaningful.

FARMING

Discover how modern growers transform rooftops, balconies, and compact corners into productive green zones using smart, soil-free systems.

As part of an educational tour, students of Genesis School, Alwal had a wonderful opportunity to experience farming activities firsthand. The visit to a farm gave students practical knowledge about agriculture and helped them understand the hard work and dedication of farmers.

During the tour, students observed various farming practices such as sowing seeds, watering plants, and learning about different crops. They also got a chance to interact with farmers, who explained the importance of soil, irrigation, and seasonal cultivation. This hands-on experience made learning more interesting and meaningful.
The activity helped students develop respect for nature and the efforts of farmers. It also created awareness about the importance of agriculture in our daily lives and encouraged students to value food and avoid wastage.

Overall, the farming experience during the tour was both educational and enjoyable. It enhanced students' knowledge beyond the classroom and left them with lasting memories and valuable life lessons.

CONCLUDING MEETING 2025-2026

(BY CHAIRMAN)

A significant and inspiring meeting was conducted by the Chairman, Mr. T. Jaypal Reddy, at Genesis School, Alwal. The session brought together all the teachers with the aim of enhancing the quality of education and strengthening the academic environment of the institution.

During the meeting, Chairman Sir addressed the gathering with great enthusiasm and vision. He emphasized the crucial role of teachers in shaping the future of students and appreciated their continuous dedication and hard work. He encouraged educators to go beyond traditional teaching methods and adopt innovative and digital approaches to make learning more effective and engaging.

He highlighted the importance of focusing on each student's individual growth, understanding their strengths and challenges, and guiding them accordingly. Chairman Sir also stressed maintaining discipline, building strong values, and creating a positive and supportive classroom environment. The need for effective communication between teachers, parents, and students was also discussed to ensure better coordination and overall development.

The meeting served as a platform for teachers to express their ideas, share experiences, and discuss challenges they face in their teaching journey. Chairman Sir listened attentively and provided thoughtful guidance and practical suggestions, making the session interactive and meaningful.

Overall, the meeting was highly motivating and enriching. It reinforced the vision of Genesis Schools to provide quality education and inspired teachers to continue their efforts with renewed passion and commitment toward the holistic development of every student.

At Genesis School, Alwal, Chairman Sir personally distributed the academic time tables to the teachers, marking the beginning of a well-organized and structured academic schedule. The occasion reflected the importance of planning and discipline in ensuring smooth functioning of classes.

During the distribution, Chairman Sir guided the teachers on effectively managing their time and maintaining a balanced approach between teaching, assessments, and co-curricular activities. He emphasized punctuality, proper planning, and dedication to deliver quality education to students.

Teachers received the time tables with enthusiasm and a sense of responsibility. The distribution ensured clarity in schedules and helped teachers prepare in advance for their classes.

This initiative by Chairman Sir highlighted the institution's commitment to systematic planning and academic excellence, motivating teachers to carry out their duties with efficiency and confidence.

CONCLUDING MEETING 2025-2026 (BY PRINCIPAL)

A productive and insightful meeting was conducted by the Principal at Genesis School, bringing together all the teachers to discuss academic planning and overall school development. The meeting focused on enhancing teaching standards, improving student performance, and maintaining a positive learning environment.

During the session, the Principal emphasized the importance of effective teaching methods, proper lesson planning, and classroom management. Teachers were encouraged to adopt innovative approaches, including the use of digital tools, to make learning more engaging and meaningful for students.

The Principal also highlighted the need to focus on individual student progress, continuous assessment, and timely feedback. Maintaining discipline, encouraging student participation, and fostering good communication with parents were key points discussed during the meeting.

Teachers actively participated by sharing their ideas, experiences, and challenges. The Principal provided valuable guidance and practical suggestions, making the session interactive and beneficial.

Overall, the meeting was inspiring and goal-oriented. It strengthened teamwork among teachers and reinforced the commitment of Genesis School towards providing quality education and the holistic development of students.

Welcoming FIRST Day SCHOOL

The first day at Genesis School was filled with excitement, joy, and new beginnings. As students walked through the school gates, they were welcomed with warm smiles and a cheerful atmosphere that instantly made everyone feel comfortable and happy.

The campus looked vibrant and lively, decorated beautifully to mark the special occasion. Teachers greeted the students with kindness and enthusiasm, helping them settle into their new classrooms. For many, it was a day of making new friends, meeting teachers, and exploring a new environment.

Fun activities and interactive sessions were organized to break the ice and make students feel at ease. Laughter and curiosity filled the air as students shared their thoughts and experiences.

The first day was not just about starting classes, but about creating a positive and friendly environment where everyone felt welcomed and valued. It marked the beginning of a wonderful journey of learning, growth, and unforgettable memories at Genesis School.

PARENT FEEDBACK

We enrolled our elder son, P. Sriyaan Ram, in Grade 5 due to the long distance to his previous school and with the intention of having both our children study at the same school. Initially, we had a few concerns while taking the admission, whether he would be able to maintain his strong academic performance and how well he would adjust to a new environment, new teachers, and a new system.

However, within just a month or two, all our worries were put to rest. He settled in very comfortably, with the same enthusiasm and positive attitude. He is happy with the teaching approach, enjoys the learning process, and feels completely at ease in the school environment.

We are delighted to see that he has continued to excel academically and even achieved the position of academic topper. He has also actively participated in interschool competitions, which has further boosted his confidence. Along with academics, the school places great emphasis on communication skills and overall personality development through various activities.

The balance between academics and co-curricular activities is excellent. Children thoroughly enjoy music, dance, and PT sessions along with their regular classes and lab work, making learning both engaging and enjoyable.

Overall, Genesis has truly demonstrated its strength and quality in this branch, just like its other campuses. We sincerely appreciate the dedication and efforts of the entire team. Wishing you continued success and many more achievements in the years to come!

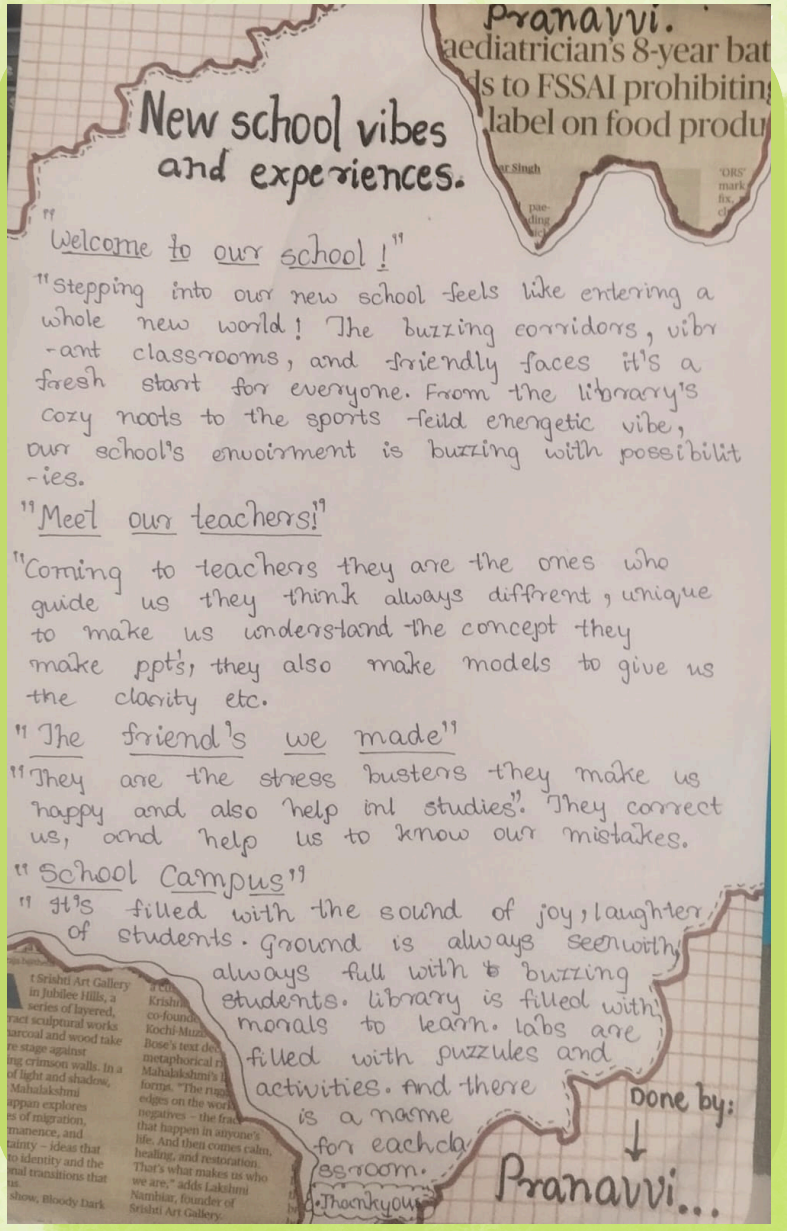

My child, P. Hrishikesh, who is in PP2, joined Genesis Alwal during the 2025–2026 academic year, and our experience has been truly wonderful. The teachers, management, and administrative staff are extremely supportive and professional. We are especially impressed by their teaching approach and the way they manage everything so efficiently.

Even though the school started only recently, the progress they have achieved in such a short time is remarkable. We have seen tremendous improvement in our son. He is now confidently reading sentences on his own, including simple novels and even newspapers, which is amazing for his age. His confidence and enthusiasm for learning have grown significantly, and it’s a joy to see his development.

We truly appreciate the dedication, care, and positive learning environment the school provides. Please continue this same spirit of enthusiasm, fun, and quality education. We look forward to seeing the school achieve even greater success in the coming years

STUDENT FEEDBACK

New school vibes and experiences
“Welcome to our school!”
“Stepping into our new school feels like entering a whole new world! The buzzing corridors, vibrant classrooms, and friendly faces—it’s a fresh start for everyone. From the library’s cozy nooks to the sports field’s energetic vibe, our school’s environment is buzzing with possibilities.”
“Meet our teachers!”
“Coming to teachers, they are the ones who guide us. They think always different and unique to make us understand the concept. They make PPTs, they also make models to give us clarity, etc.”
“The friends we made”
“They are the stress busters. They make us happy and also help in studies. They correct us and help us to know our mistakes.”
“School Campus”
“It’s filled with the sound of joy and laughter of students. The ground is always seen full with buzzing students. The library is filled with morals to learn. Labs are filled with puzzles and activities. And there is a name for each classroom.”
Thank you!

TEACHERS OUTING

The teachers' outing to Wild Water was a refreshing and joyful experience for everyone. It was a perfect break from our regular school routine, giving us time to relax, bond, and create beautiful memories together.

As soon as we reached Wild Water, the excitement was clearly visible on everyone's faces. The cool water rides, wave pools, and fun slides brought out the child in every teacher. Laughter and cheer filled the air as we enjoyed each activity with great enthusiasm.

One of the most memorable moments was spending time together in the wave pool, where everyone joined in the fun and shared lots of laughter. The outing also gave us a chance to strengthen our friendships and teamwork outside the classroom environment.

We enjoyed delicious food, took many photos, and shared stories, making the day even more special. The peaceful surroundings and thrilling rides made it a perfect combination of relaxation and adventure.

Overall, the outing to Wild Water was a wonderful and unforgettable experience that brought us closer as a team. It refreshed our minds and filled us with positivity to return to school with renewed energy.

CONCLUDIN MEETING BY ALL CBSE PRINCIPALS

KOMPALLY CLUSTER 2025-2026

The concluding meeting of all CBSE principals was a significant and inspiring event that marked the successful completion of discussions, ideas, and collaborative efforts among educational leaders. It brought together experienced principals from various schools, all united by a common goal—to enhance the quality of education and foster holistic development among students.

The meeting served as a platform to reflect on the key points discussed throughout the sessions. Important topics such as innovative teaching methodologies, student well-being, integration of technology in education, and effective school management were revisited and summarized. Principals shared their valuable insights, experiences, and best practices, creating an environment of mutual learning and professional growth.

One of the highlights of the concluding session was the emphasis on adapting to the changing educational landscape. With the rapid advancement of technology and evolving student needs, principals discussed the importance of continuous learning, flexibility, and creativity in the education system. The role of teachers as facilitators and mentors was strongly reinforced.

The meeting also focused on strengthening collaboration among schools. By working together and sharing resources, ideas, and strategies, schools can create a more enriched learning experience for students. The importance of values, discipline, and character building was highlighted as the foundation of a successful education system.

The session concluded on a positive and motivating note, with a shared commitment to implement the ideas discussed and strive for excellence in education. It was a moment of unity, reflection, and renewed determination for all the principals present.

Overall, the concluding meeting was not just an end, but a new beginning—one that inspires progress, innovation, and dedication towards shaping the future of education.

About the FREEDOM FIGHTERS

Potti Sreeramulu was an Indian freedom fighter known for his pivotal role in the creation of Andhra State. Revered as "Amarajeevi", he is remembered for his commitment to social justice and the upliftment of Dalits, organizing fasts to advocate for their rights and access to religious sites.

Surya Sen, also known as Surya Kumar Sen, was an Indian revolutionary who played a significant role in the Indian independence movement against British colonial rule. He is best known for leading the Chittagong Armoury Raid in 1930. Sen was a schoolteacher by profession and was popularly known as Master Da.

Ram Manohar Lohia was an Indian political activist of the Indian independence movement and a socialist politician. As a nationalist, he worked actively to protest against colonialism, raising awareness of the same. He founded multiple socialist political parties and later won elections to the Lok Sabha.
