Special Achievements

J. Varsha of Grade VIII-D showcased exceptional athletic talent by securing 3rd Place in the 5 km event at a Private State-Level Athletics Tournament held at Gachibowli Stadium and 2nd Place in the 600 m race at the **4th Telangana State Middle & Long Distance Athletics Meet 2026** in Medak. Her remarkable achievements reflect her dedication, perseverance, and sporting excellence.

Our young basketball stars showcased exceptional talent at the **Inter-School Basketball 3×3 Tournament**, hosted by the Big Box Sports Academy at Bachupally, **Team A (Under-14 Boys) emerged as Champions**, while Team B (Under-14 Boys) secured 3rd Place. The Under-14 Girls' team also brought home 3rd Place. Their outstanding teamwork, determination, and sportsmanship brought great pride to the school. 🏀🏆

Van Mahotsav

Seed Ball Initiative – Sowing Hope for a Greener Tomorrow

As part of Van Mahotsav, the Eco Club organised a Seed Ball Sale to promote environmental awareness and inspire sustainable action. Students enthusiastically prepared seed balls using a variety of seeds and offered them for sale during the Parent-Teacher Meeting, encouraging parents and the school community to contribute towards restoring green spaces and supporting biodiversity.

The initiative received an overwhelming response from parents, students, and staff, reflecting a shared commitment to environmental conservation. The funds raised through the Seed Ball Sale will be utilised for a noble cause, adding greater purpose to this meaningful initiative.

A heartfelt appreciation to the Eco Club members, teachers, parents, and students for their enthusiastic participation and generous support. Together, every seed ball carries the promise of a greener, healthier, and more sustainable tomorrow.

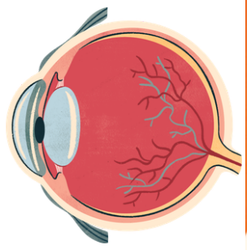

Caring for Every Smile & Every Vision (Eye & Dental Camps)

A comprehensive Eye and Dental Health Camp was conducted for students from Nursery to Grade X with the aim of promoting preventive healthcare and creating awareness about the importance of eye and oral hygiene. The camp included eye screenings, dental check-ups, and valuable guidance on maintaining healthy vision and good oral care habits.

We extend our heartfelt gratitude to Spashta Eye Hospital and Sanvi Dental Hospital for their dedicated service, professional support, and commitment to the health and well-being of our students.

No Bag Day – Learning Beyond the Classroom

Our recent No Bag Day for Grades I to VIII was a refreshing departure from the usual classroom routine, offering students a day filled with joy, creativity, movement, and meaningful learning. Leaving their school bags behind, they enthusiastically participated in a variety of hands-on activities that encouraged imagination, collaboration, critical thinking, and problem-solving. The vibrant atmosphere echoed with laughter and curiosity as every activity transformed learning into an enjoyable and memorable experience, reinforcing the idea that some of life's most valuable lessons are learnt through exploration, interaction, and play.

Grades I & II:

Colour Quest
Snap Choice

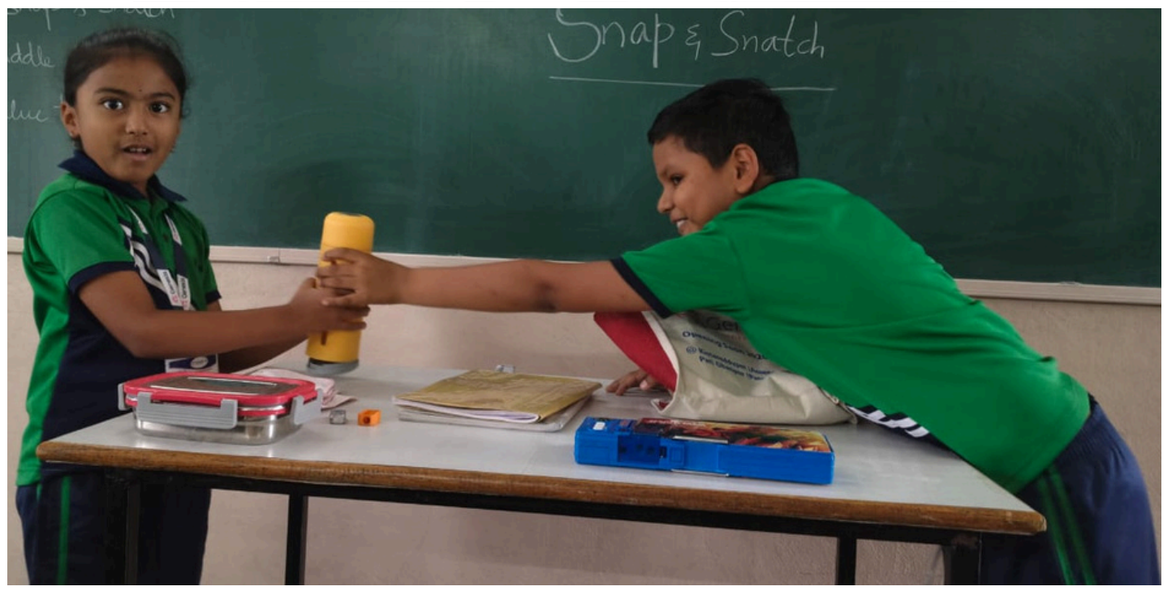

Grades III & IV:

Snap & Snatch
Riddle Masters
Value Time

Grades V & VI:

Zumba
Ad Mania
Blindfold Mystery Sketch

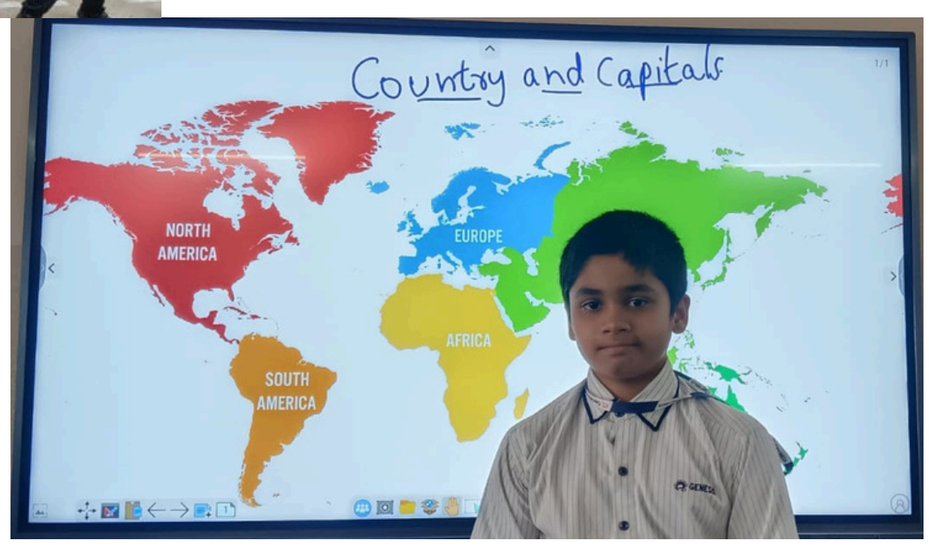

Grades VII & VIII:

Zumba
Memory Game (Country-Capital)
Innovation Fair (Every day Science)

Special Assemblies

School morning assembly activities plays an important role in creating a positive and engaging learning environment for students. During assembly every student gets an opportunity to participate actively, along with their class teacher.

Together for a Plastic Free Planet - IVB

Global Forgiveness Day- Forgive Today, Smile Tomorrow - VIIIB

Punctuality - IVE

National Flag Adoption Day - IVD

Guru Purnima - IVC

Global Energy Independence Day - VIIID

Wild Life Conservation Day-Voices for the Voiceless - VIIIF

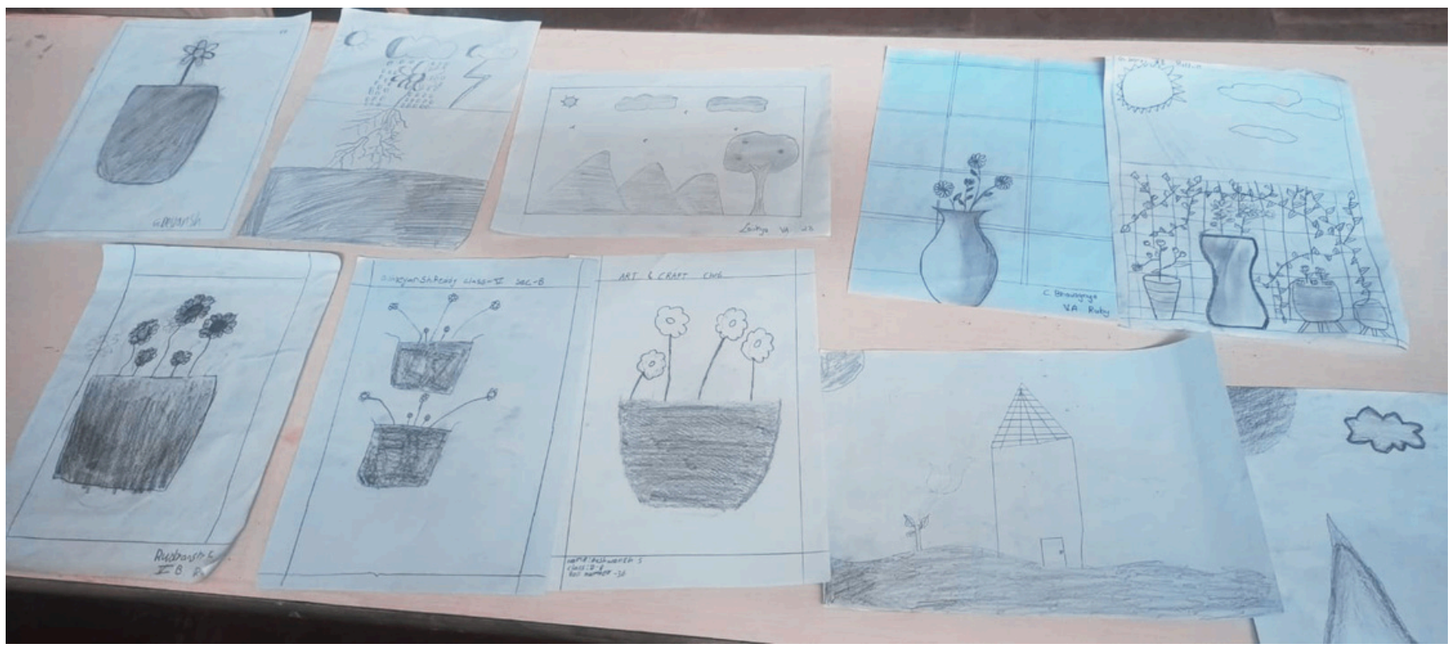

Club Activities- July

The clubs for the academic year 2026-27 have kick-started with great enthusiasm, paving the way for a year filled with learning and creativity. During the inaugural assembly, students were introduced to the clubs, student secretaries were appointed, and plans were charted for the upcoming club activities.

Art and Craft Club - Pencil Sketch: Creativity in Every Stroke

Cultural Club - Culture Connect: Honouring Artisans

Disaster Management Club - The Mandatory Lifeline Box

Health and Wellness Club - Building Physical Endurance

Entrepreneur Club - Young Innovators Challenge

Eco Club - Seed Ball Making: Sowing a Sustainable Future

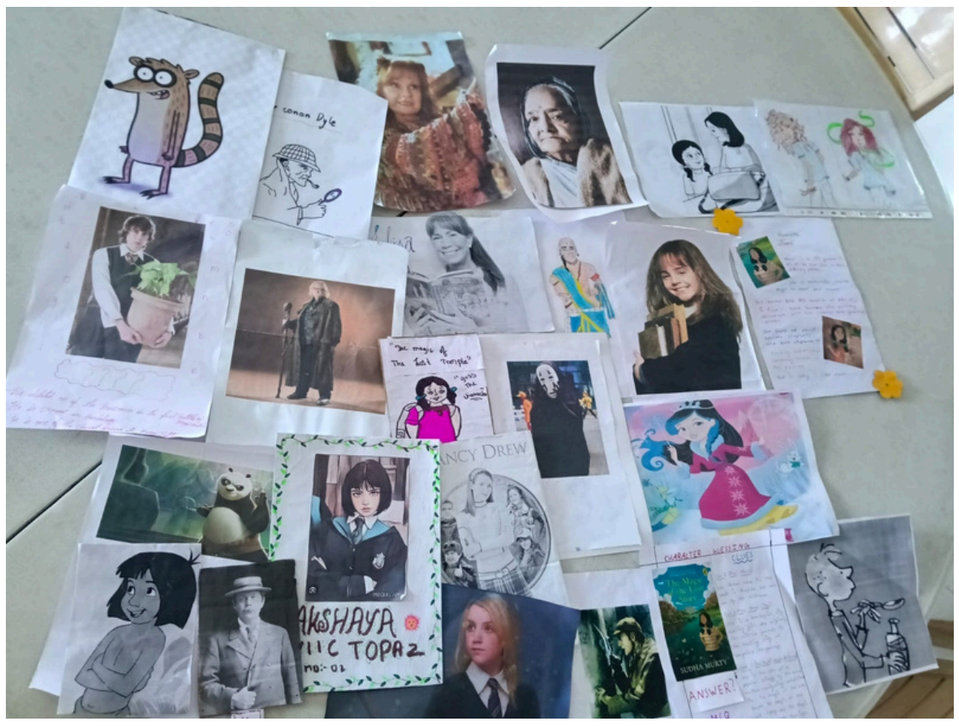

Book Club - My Favourite Character - Guess Who?

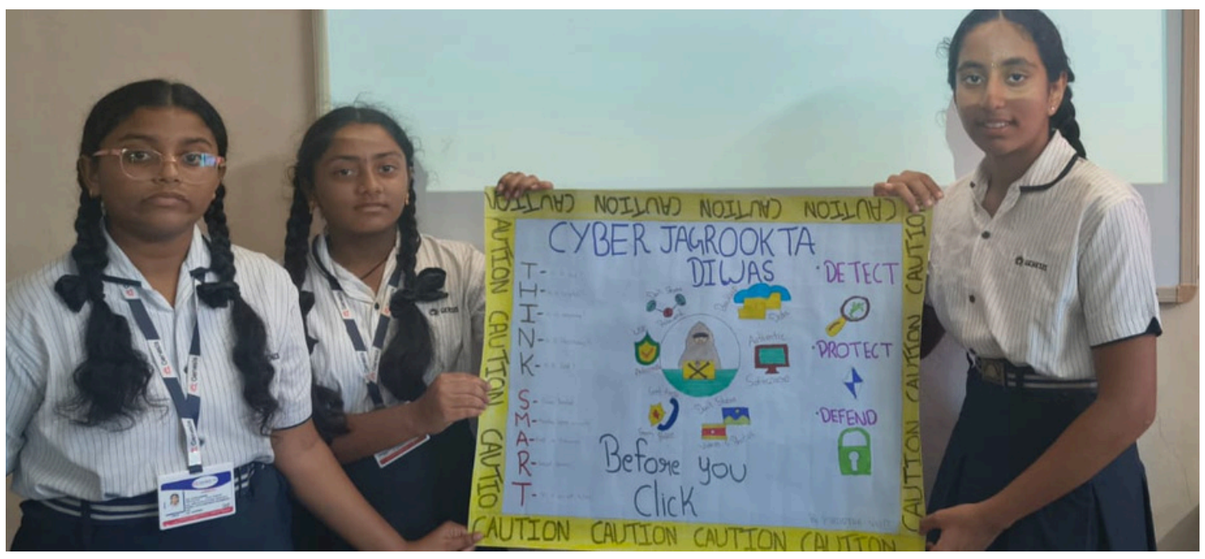

Quiz Club - Current Affairs Challenge: Know the World

ICT Club - Cyber Jagrookta/ Cyber Awareness (CBSE)

Yuva Tourism Club - Explore India: Discover, Learn, Quiz

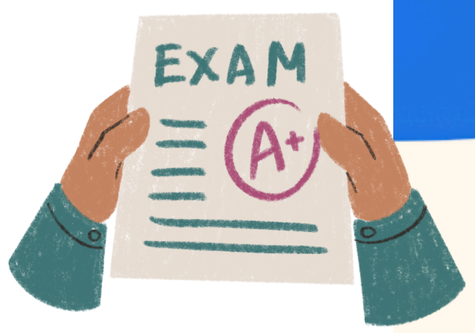

Periodic Assessment-1

Exciting time at our school, as our children dive into their **Periodic Assessment-1**. It’s a fantastic opportunity for them to showcase their hard work and understanding.

Parent-Teacher Meeting

The Parent-Teacher Meeting (PTM) was successfully conducted with active participation from parents, teachers, and students, strengthening the home-school partnership.

A special highlight was the Cyber Security Awareness Programme organised by the ICT Club. Students confidently educated parents on cyber crime, cyber safety, responsible digital practices, and online security through informative presentations.
We appreciate the ICT Club in-charges, students, and parents for their enthusiastic participation in making the initiative a great success.

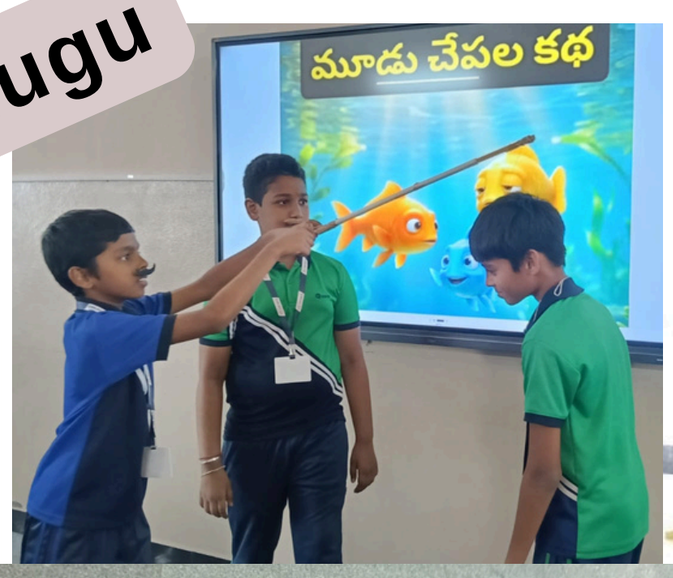

Experiential Learning - Learning by Doing

Experiential learning helps students learn by doing, making lessons more practical and engaging. Now, here are a few glimpses of students participating in hands-on activities.

National Cadet Corps (NCC)

We are proud to share that **G.Pravasthi** of Grade IX represented our school at the Ek Bharat Shreshtha Bharat-II National Integration Camp held at Adilabad. The camp provided valuable exposure to leadership, discipline, cultural exchange, and national integration, making it a memorable and enriching experience.

Kargil Vijay Diwas Commemoration

To commemorate Kargil Vijay Diwas, our NCC cadets conducted a solemn and meaningful programme to honour the brave soldiers who defended our nation's honour. Students shared their thoughts on the significance of the day, expressing gratitude and respect for the courage and sacrifice of our armed forces. Our Correspondent Ma'am inspired the gathering with her motivating address, encouraging students to uphold the values of patriotism, courage, discipline, and selfless service. The programme served as a heartfelt tribute to the heroes of the Kargil War and instilled a deep sense of national pride among all present.

- Cybercrime Awareness in Schools

Positive Affirmations for the Month

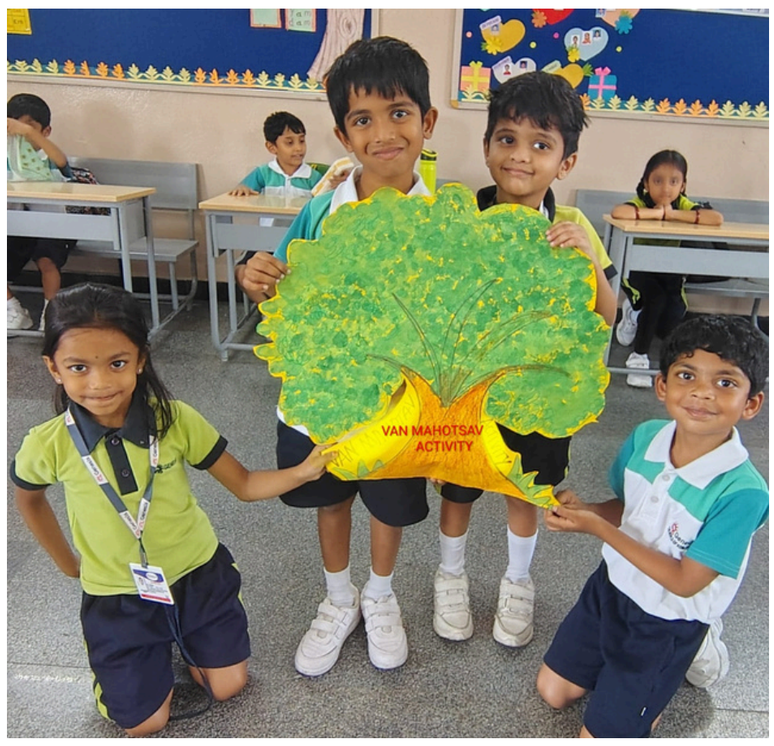

* All of my problems have solutions.
* I am fully prepared and ready for this test.
* Mistakes are just learning opportunities that help me grow.
* I am perfect just the way I am.

Pre – Primary Corner

Plant Today, Smile Tomorrow!

The celebration of Van Mahotsav inspired our young learners to appreciate and protect nature. Through engaging activities, storytelling, and planting experiences, they discovered that every tree makes our world greener, healthier, and happier.

Going Green, Growing Bright!

Our little learners celebrated Green Colour Day with great excitement, dressed in vibrant shades of green. Through fun-filled activities, songs, and creative crafts, they explored the beauty of nature and learned the importance of caring for our environment.

Special Assembly

Our special assembly highlighted the magic of kind words like "Please," "Thank You," "Sorry," and "Excuse Me." Through songs, and presentations, children learned that good manners and kind words can brighten hearts and build strong friendships.

Thank you

Periodic Assessment-1

Periodic Assessment–I was conducted smoothly for the students of Pre-Primary. The assessment provided an opportunity to observe each child's learning progress and encouraged them to confidently demonstrate the skills they had developed in a supportive environment.

Parent-Teacher Meeting

The Parent–Teacher Meeting was conducted successfully with enthusiastic participation from parents. It provided a valuable platform for meaningful discussions on each child's academic progress, overall development, and ways to strengthen the partnership between home and school.

Inspiring Personalities of the Month

P. V. Sindhu – The Power of Perseverance

P. V. Sindhu is a shining example of how perseverance turns dreams into reality. Born on 5 July 1995 in Hyderabad, she became the first Indian to win the Badminton World Championship and the second Indian individual to win two consecutive Olympic medals. In 2025, she added another feather to her cap by winning the Syed Modi India International title. Her journey is a testament to unwavering determination, discipline, and resilience. Despite countless challenges and sacrifices from a young age, she remained focused on her goal, proving that success comes to those who never give up.

As a student, I am inspired by P. V. Sindhu's perseverance. Her journey encourages me to stay determined, work hard, and face every obstacle with confidence. She has taught me that with dedication, discipline, and patience, every dream can become a reality.

N.Ayushi Reddy

Dr. S. Jaishankar: India's Voice to the World

Dr. Subrahmanyam Jaishankar is one of India's most respected diplomats and political leaders. His remarkable career in public service and foreign policy has inspired many young Indians to serve the nation with dedication and integrity.

Born in 1955 in New Delhi, Dr. Jaishankar graduated from St. Stephen's College and earned his M.Phil. and Ph.D. in International Relations from Jawaharlal Nehru University (JNU). He joined the Indian Foreign Service in 1977 and served as India's Ambassador to the United States, China, and the Czech Republic, besides being the High Commissioner to Singapore. He also served as the Foreign Secretary of India from 2015 to 2018. Since 2019, he has been serving as India's Minister of External Affairs.

Known for his confidence, knowledge, and exceptional communication skills, Dr. Jaishankar represents India with wisdom and diplomacy on the global stage. His speeches are well-researched, informative, and reflect his deep understanding of international affairs.

Dr. S. Jaishankar's commitment to the nation, honesty, humility, and patriotism make him a true role model. His dedication to strengthening India's position in the world inspires millions and encourages young people to work hard, serve their country, and contribute positively to society.

పర్యావరణ మరియు జల సంరక్షణ

ప్రపంచాన్ని రక్షించడం ప్రతి ఒక్కరి బాధ్యత. పర్యావరణాన్ని సురక్షితంగా ఉంచేందుకు ప్లాస్టిక్ వినియోగాన్ని తగ్గించి, పునర్వినియోగ సంచులు (reusable bags), బాటిళ్లను ఉపయోగించాలి. ప్రతి ఒక్కరూ చెట్లు నాటడం మరియు వాటిని సంరక్షించడం ద్వారా పచ్చదనాన్ని, వాతావరణ సమతుల్యతను పెంపొందించవచ్చు. విద్యార్థులు, ప్రజల మధ్య పర్యావరణ అవగాహన కార్యక్రమాలు నిర్వహించడం ఎంతో అవసరం. అలాగే, ఫ్యాక్టరీల కాలుష్యాన్ని నియంత్రించడానికి ప్రభుత్వం కఠినమైన నిబంధనలను అమలు చేయాలి.

జల సంరక్షణ కోసం కొన్ని సులభమైన మార్గాలు:

* నీటిని వృథా చేయకుండా జాగ్రత్తగా వాడుకోవాలి.

* పైపుల లీకేజీలను వెంటనే బాగు చేయించాలి.

* వర్షపు నీటి నిల్వ (Rainwater Harvesting) పద్ధతులను ఏర్పాటు చేసుకోవాలి.

* వ్యవసాయంలో డ్రిప్ (బిందు) సేద్యం వంటి పద్ధతులను అనుసరించాలి.
పిల్లలకు చిన్నతనం నుంచే నీటి విలువను నేర్పించడం ద్వారా భవిష్యత్తును కాపాడవచ్చు. మన చిన్న మార్పులు సమాజంపై పెద్ద ప్రభావాన్ని చూపిస్తాయి. అందరం కలిసికట్టుగా ప్రయత్నించి పర్యావరణాన్ని రక్షించుకుందాం.

Nurture Nature – Secure the Future

Protecting the environment is our collective responsibility. Let us promote afforestation, minimise plastic consumption, and adopt eco-friendly practices to preserve biodiversity. Water conservation begins with simple actions such as rainwater harvesting, preventing wastage, and using water wisely. The sustainable use of natural resources helps maintain ecological balance and ensures a healthier, greener, and more prosperous future for generations to come.

Every Drop Counts, Every Tree Matters!

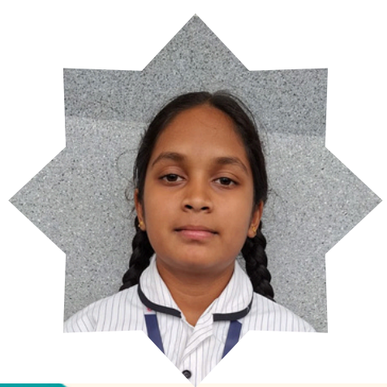

Save water today, so that every life can flourish tomorrow.

K.Rithvik Joshua
VIE

पर्यावरण संरक्षण और जल संरक्षण के उपाय

पर्यावरण और जल हमारे जीवन का मुख्य आधार हैं, जिनके बिना जीवन की कल्पना करना असंभव है। इनकी रक्षा करना हम सभी का नैतिक कर्तव्य है ताकि पृथ्वी पर संतुलन बना रहे। हमें अधिक से अधिक पेड़ लगाने चाहिए क्योंकि वे हवा को शुद्ध करते हैं। प्लास्टिक का उपयोग कम करें, कचरे का पुनर्चक्रण करें और आस-पास स्वच्छता रखें। जल प्रकृति का अनमोल उपहार है, इसलिए पानी की हर बूंद बचाएं। टपकते नलों की तुरंत मरम्मत कराएं और वर्षा जल संचयन अपनाएं। यदि हम सब मिलकर छोटे-छोटे प्रयास करें, तो आने वाली पीढ़ियों के लिए एक बेहतर और सुरक्षित भविष्य बना सकते हैं। "जल है तो कल है" और "स्वच्छ पर्यावरण, स्वस्थ जीवन" का संदेश अपनाएं।

Protecting Our Pollinators: The Tiny Heroes of Nature

The Vital Role of Pollinators

Bees and butterflies are essential heroes that help plants produce fruits, vegetables, seeds, and flowers. By doing so, they support global biodiversity and keep our ecosystems healthy.

Growing Threats

Unfortunately, habitat loss, pollution, climate change, and harmful pesticides are causing pollinator numbers to drop drastically every year.

Eshana Suresh
VIF

How We Can Help

Everyone—from farmers to families—can make a difference. We can protect these vital insects by:

Planting native flowers
Avoiding toxic chemicals
Providing clean water sources
Safeguarding local gardens and parks

A Healthier Future

Even planting a single flower helps. By saving pollinators today, we secure our food supply and ensure a greener, healthier, and brighter tomorrow. Every small action counts to keep bees and butterflies thriving for generations to come.

Value Corner

Responsibility Begins with Me

Responsibility starts with the choices I make every day. By completing my work on time, respecting others, and taking care of my surroundings, I show that I can be trusted. Small acts of responsibility help build good character and make our school and community a better place for everyone.

Teachers' Corner

Rote to Reasoning: Building Analytical Minds

Progress thrives on curiosity. Treating the mind as a static bookshelf for facts stunts true education. To think like visionaries, learners must move beyond memorisation and embrace dynamic inquiry:

Reverse Engineering: Deconstruct a system or event backward to discover why it works.

The "What If?" Matrix: Alter a fundamental rule in a textbook problem to force reasoning over memorised formulas.

The Socratic Trial: Task learners with defending an opposing viewpoint using pure logic and data.

Cross-Disciplinary Synthesis: Connect unrelated subjects, like architecture and poetry, to build pattern recognition.

Academic challenges are invitations to look closer. True success belongs to those who dare to reason the furthest, transforming passive consumers into active, analytical leaders.

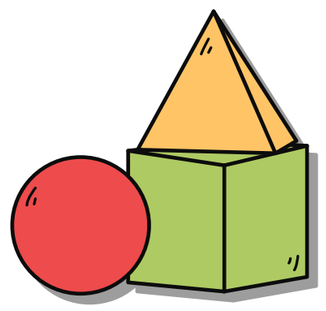

Ms. P. Kalpana Devi
Coordinator

Mathematics in Everyday Life

Mathematics is not just a subject taught in classrooms—it is an essential part of our daily lives. We use it to tell time, manage money, measure ingredients while cooking, calculate distances, and make wise decisions while shopping.

From mobile phones and GPS navigation to banking, engineering, and artificial intelligence, mathematics plays a vital role in almost every field. It helps us think logically, solve problems efficiently, and make informed decisions with confidence.

By understanding the importance of mathematics in everyday life, students can appreciate its value beyond textbooks. Mathematics truly is the language of the modern world, shaping our present and preparing us for the future.

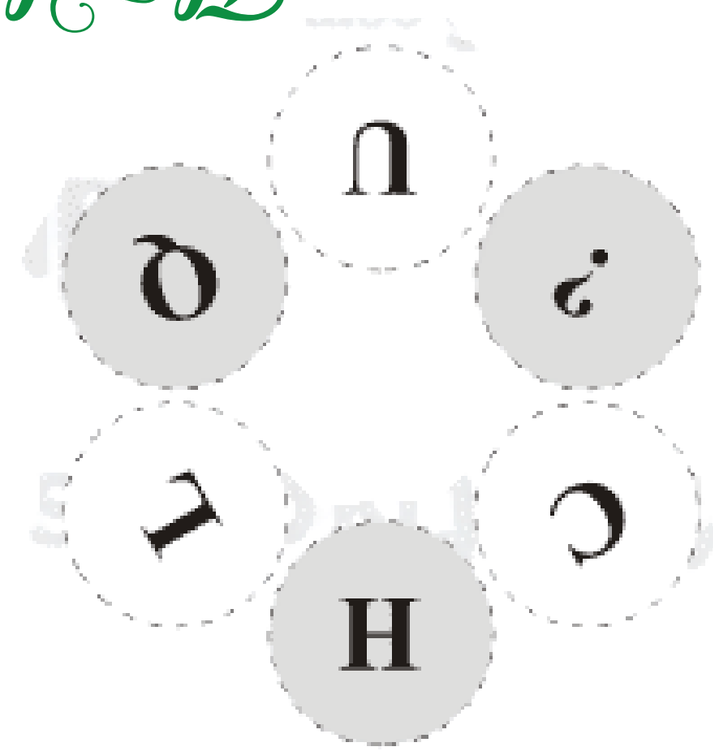

Ms. A.Satya Sridevi
Math Department
